I bought this for my son to follow at Mass. It goes in order of the Mass, but it goes into detailed explanations of everything that is said and done. The prayers are NOT included in the text. We wanted this as a "follow along" tool so he would stop asking how much longer... :) My son is 7 with a 4th/5th grade reading level in 2nd grade and this was way beneath his level - like early reader so I believe it would be awesome for beginner level readers! I bought the St. Joseph Children's Missal and it had the content I am looking for.

I bought this book to help teach my kindergarten CCE class about Mass. The book details the entire Mass and has great illustrations to show what is going on. It is rather long, especially for reading to a class. Instead I read certain parts of it, or leave out sections of text and focus more on the illustrations during class.

I bought this book for my 8 year old son it is easy to follow along. He looks forward to go to mass and being able to keep up. Wish there were some for the Easter vigil because he was totally lost (this was his first) as we are new to the Catholic faith.

My son with ADHD problems loves having his own mass book to find the different parts we are at.

This book was so good I bought a second one. It's great to keep children focused on the mass and learning what comes next during the service. It's so much better than just expecting them to read from the adult versions and understand and behave in church. It speaks their language and is on the child's level. Good book!

Great product would buy again.

I am Catholic, He and his kiddos are not. This really came in handy when we all started going to church together. We read through it the week before we attend Mass together. It was nice for them to have an idea of what was going on. The 8 year old was able to follow along quietly and stay connected with the service. The 5 year old asked for a "little cookie" during Communion. It was also a good review for me, about what and why for Mass.** Does have updated mass information

I ordered this book to help me with my new CCD kindergarten class! It is the most amazing little book I've ever read! Not only will this help my students understand mass, but it explained so much more to the new teacher!! Love, love it!! I am going to order each of my students one for Christmas and hope to have our priest read it as well! I'm hoping they will order it for the students in our Catholic schools!! Thank you for writing such an amazing little book!!!
