Adult/High School-This motivational book uses Michael Jordan as a prime example of how to achieve one's dream career goals whether they are in the sports arena or in other fields. Each chapter focuses on one ingredient in the recipe for success. The elements are identified as effective concentration, a joyful love for one's work, unrelenting practice of one's skills, persistent determination to achieve, acceptance of personal responsibility for one's own actions, treating others with warmth and respect, etc. There are copious anecdotes about how the basketball star has smoothly blended them all into his life, but there are also quotes from a variety of people, including Ralph Waldo Emerson, Søren Kierkegaard, James Baldwin, Miles Davis, and Anthony

Quinn. Jordan is portrayed as the most hardworking man in his field, and his persistence rather than his natural athletic talent is credited for his legendary achievements. MJ's fans will naturally enjoy reading about him, but even those who aren't basketball fanatics will be inspired by the principles promoted here. By interviewing more than 1,400 friends, coaches, teammates, rivals, and just about anyone else whose life was touched by Michael Jordan, Williams, a motivational speaker and the owner of the Orlando Magic, has amassed enough anecdotes to . . . well, write a book. The text covers what makes M. J. great--as a person, a role model, a leader, and, yes, a basketball player. What's refreshing here is that Jordan is portrayed as human like the rest of us, which means that if we were to apply our skills to our lives as Jordan has to his, we, too, could "be like Mike." Motivational quotes from such diverse figures as Rose Kennedy and Bertolt Brecht are scattered among the inspiring, often funny Jordan quips. Each chapter elaborates on aspects of Michael's success ("Focus, Passion & Energy") and includes introductory comments by Michael himself. What will allow this book to stand out among the myriad motivational titles out there? It's simple, entertaining, and commonsensical. And it's about Michael Jordan. jordan was untouchable as a player and leader on the court, his successive endeavors as an executive and owner have been very unfortunate. it would be very interesting to have williams investigate why that discrepancy is so massive, after all he does an excellent job explaining why and how jordan was so dominating and excellent a performer.

This book is a simple tool for people who has the rage of being successful but sometimes get off the path because they are gifted in so many other areas. However, this book illustrated that any dream that I have, you , we have, can be fulfilled with hard work! Thanks for the reassurance that my dreams are just a step away! To the top I go! God bless!

MJ - great read!!!

The book came safe and sound and is a great book- but I had all kinds of problems with posters I ordered- One damaged so you sent 2 to replace- not right ones- finally I got one good one but not in time for Christmas for my son by the time all the hassle was over- Probably will not order any more posters on line

One of my favorite Michael Jordan books.
