Enrichment Math, Grade 7 (Spectrum)

Synopsis

Spectrum Enrichment Math helps students develop real-world applications of math curriculum! The lessons, perfect for students in grade 7, strengthen math skills by focusing on fractions, decimals, percents, measurements, preparing for algebra, graphs, probability, and more! The challenging, multi-step problems also help extend problem-solving and analytical abilities. It features easy-to-understand directions, is aligned to national and state standards, and also includes a complete answer key. Today, more than ever, students need to be equipped with the essential skills they need for school achievement and for success on proficiency tests. The Spectrum series has been designed to prepare students with these skills and to enhance student achievement. Developed by experts in the field of education, each title in the Spectrum workbook series offers grade-appropriate instruction and reinforcement in an effective sequence for learning success. Perfect for use at home or in school, and a favorite of parents, homeschoolers, and teachers worldwide, Spectrum is the learning partner students need for complete achievement.

Age Range: 12 and up

Grade Level: 7 and up

Customer Reviews

This is definitely just enrichment/extra practice, not a good book for using to teach concepts. The problems contained inside were good practice for concepts and included multi-step word problems that were very real-world concepts. This would definitely be useful to go along with a different math

curriculum, but you would have to line up which concepts go together so you get the instruction from elsewhere.

There are a lot of errors in the answer key.

Only completed up to page 9. Found 2 mistakes already!!!! (Page 7, lesson 2.1, question 5 & page 9, lesson 2.3, question 2) Who writes this book?????

not sure if it's completely aligned to common core standards but a great book nonetheless. great resource to have for extra practice

Excellent refresher

i hate math

Great book to teach by!

It was what I wanted.....practice doing math so that I can pass the math certification test!! I ordered the workbooks, they came quickly and in great condition!
