Customer Reviews

I really do believe you guys have cracked the code. I am truly terrible at language but your system sticks in my brain it must be magic! --Row Turner, BFBS Radio 1

About Berlitz For more than 125 years, Berlitz has been the most trusted name in language learning.

Berlitz was built on the principle that language skills are best acquired through conversation, with a focus on real-life situations. Today, we offer self-study audio language programs, phrasebooks and dictionaries in more than 30 languages for children and adults. With more than 450 language schools in over 60 countries, Berlitz has taught millions how to speak another language.

I actually purchased this through iTunes so I just have the digital copy but I thoroughly enjoyed it. It's very relaxing and fun to listen to. With so many options for language learning out there it's pretty exhausting to try and find something different but this is a nice way to learn. I emailed the company and asked when Vol. 3 is coming out and the lady emailed me back the next morning and told me that it's in the works and will probably be out sometime later this year.
