Wills Eye Institute - Oculoplastics (Color Atlas And Synopsis Of Clinical Ophthalmology)

Synopsis

This text is part of the Color Atlas and Synopsis of Clinical Ophthalmology which was developed at Philadelphia's famed Wills Eye Institute. The beauty of this series is the powerful combination of illustrative photographs and a summary approach to the text. While the seven ophthalmic subspecialties in this series, Cornea, Retina, Glaucoma, Oculoplastics, Neuroophthalmology, Pediatrics, and Uveiti, employ varying levels of visual recognition, a relatively standard format for the text is used for all volumes. The goal of the series is to provide an up-to-date clinical overview of the major areas of ophthalmology for students, residents, and practitioners in all the healthcare professions. Oculoplastics, Second Edition, presents unmistakable guidelines for the differential diagnosis and treatment of the full range of oculoplastic conditions. This book is a unique combination of text, quick reference, and color atlas, with over 250 full-color illustrations throughout. A short, succinct format includes: Epidemiology and Etiology, History, Physical Examination, Differential Diagnosis, Laboratory and Special Examinations, Diagnosis, Prognosis, and Management.

Book Information

Series: Color Atlas and Synopsis of Clinical Ophthalmology

Paperback: 304 pages

Publisher: LWW; Second edition (October 22, 2011)

Language: English

ISBN-10: 1609132653

ISBN-13: 978-1609132651

Product Dimensions: 6 x 0.5 x 8.9 inches

Shipping Weight: 1.1 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 1 customer review

Best Sellers Rank: #509,724 in Books (See Top 100 in Books) #54 in Books > Textbooks > Medicine & Health Sciences > Allied Health Services > Optometry #79 in Books > Medical Books > Allied Health Professions > Optometry #89 in Books > Textbooks > Medicine & Health Sciences > Medicine > Clinical > Ophthalmology

Customer Reviews

"This is a very good reference and its many photographs set it apart from other quick reference books." ----- Weighted Numerical Score: 85 - 3 Stars-Doody Enterprises, Inc. - Christopher B Chambers, MD(Northwestern University

Great reference! A must have for ophtho
