These small sets with pencils are so great. They have many scenes that are detailed and others that are more open for interpretation. The pencils are harder than many other pencils I have used, but still diverse enough to grab and take with you if you need something to occupy your time if "stuck" somewhere for a period of time. I prefer other pencils, but as stated, will do for travel.

Very therapeutic!

Hello how are you doing, I have enjoyed my fruit basket and in another week I am going to order two more thank you I appreciate it very much I have been looking for one of them for a long time
