Customer Reviews

Potter Style, an imprint of the Crown Publishing group, is a high-end gift book and stationery line, specializing in lifestyle, design, art, fashion, humor, and DIY.

For me, a lot of the suggestions are pretty boring and based more on romance than they are on sexual encounters (which isn't necessarily a bad thing, but it could be for those who already have a great romantic aspect in their relationship and are looking to spice up their sex-life, not their romance).(added photos of some of the checks in this book)And I don't exactly like that the idea of a time-frame requirement is intertwined throughout the concept of these checks (I get that real checks have a "due date", but for sex checks to have a due date- it's kind of a turn off for me).There's also a random check allowing voyeurism, so I can imagine that strictly monogamous couples wouldn't really like that check.

A good place to start if you've got the creativity to augment the choices with some of your own.

There are a number of activities/ideas on the checks that seemed kind of lame at first but when they were used in between the better ones they were still fun. Hey, for the price you can afford to toss a few of them in the trash can and still get more than your monies worth out of the ones you do keep.

Very nice quality. I'm pleased that most of the checks have options, so you aren't locked into something that might not work. I haven't used them, yet, but I will and I think I'll enjoy them.

I got these as a Valentine's day gift for my husband. He was more than amused. I wasn't expecting anything more than some suggestions for time together...however these checks have some pretty naughty suggestions...some checks have several options and encourages role play.

Very nice packaging, heavy duty paper and cover. Looks extremely classy. I cant wait for valentine's day.

Bought these as a little extra something for a wedding shower gift... it got great laughs..only one of the coupons was x-rated. The rest were all cute and/or funny.

Bought this for an extra lingerie gift not only did the bride to be love love love it, but my husband didn't want me to give it away. lol It was a great idea to keep things exciting. We may order one later.

We love it! Is so fun! Something different and creative, these checks really help, they give u excellent n hot ideas!
