I bought this guidebook to help me navigate my 10-day visit to Tasmania in Nov 2012. This guidebook was so poorly organized that I left it behind in my hotel room. The sections were divided by interests like ecotourism, restaurants, accommodations, etc. Most of the maps were the same - the whole island. One map showed hotels, another map showed restaurants, and so forth. It would have been much better if the sections in the book were divided by area, to include attractions, hotels, restaurants. I continually flipped back and forth to find information on a particular location. There were very few detailed maps of towns in the guidebook. The fold-out map was the same as the maps in the guidebook, just a bit larger. I rented a car with a GPS and relied on the local Tourist Information centers to get around and make plans.

Excellent guide to Tasmania. It has been my "Bible" while planning our road trip there. I was unable to source this book in NZ. We leave for Tassie tomorrow!

we are doing our own traveling in Tasmania and this book is really helpful on day trips and sites to see.

fine. Amazing customer service and a great product. Received as described. my family need to change a new one , i will purchase it from you next time.
