The Hidden School: Return Of The Peaceful Warrior

Synopsis

In the long-awaited, epic conclusion to the mega-best-selling Peaceful Warrior trilogy, with over three million copies in print, Dan Millman takes listeners on a spiritual saga based on his own experiences, traveling the world to uncover a mystery that reveals the link between everyday life and transcendent truths. Continuing his journey from *Way of the Peaceful Warrior* and *Sacred Journey of the Peaceful Warrior*, Dan Millman moves from Honolulu to the Mojave Desert, from a bustling Asian city to a secluded forest, until he uncovers the mystery of The Hidden School. While traveling through continents, he reveals lessons of life hidden in plain sight - a link between everyday reality and transcendent truths pointing the way to an inspired life in the eternal present. Throughout this saga you'll meet remarkable characters and experience brushes with mortality as you explore the true nature of reality, the self, death, and a secret as ancient as the roots of this world. Awaken to the power of paradox, humor, and change. The Hidden School contains a book within a book, a quest within a quest, a bridge between worlds.

Customer Reviews

I love Dan Millman's books and have read them all. The way of the Peaceful Warrior is my all time favorite book and this is a continuation of that. It is a easy read and flows nice as expected from Dan. There is some very thought provoking statements in this book and I stepped away with new thoughts. I will admit though this is not nearly as packed full of information as Peaceful Warrior. I felt there was a lot of " fluff" to fill pages. Maybe because I read it in 3 days but the story felt rushed jumping from one place to the next with minimal lessons involved in each chapter. The lessons

didn't kick in till the last maybe 5 chapters ? Like all of Dans books I will reread this a few times. Regardless of my opinions, I do suggest reading this. There are very thought provoking messages in there.

Perhaps not as deep as the previous books, but still packed with plenty of: good lessons about life and trusting your instinct, suspense, emotion, and hope. I love the entire series, and I'm glad I purchased this book. I've learned so much about myself from all of the books in this series.

If you read the first 2 books of this series, you are in for a 3rd treat! If you have not, I suggest reading all three in order. The stories are amazing, and if you are more aware than most, you will receive great teachings!

I feel like something was missing. But perhaps that is for all of us to find on our own! Overall an interesting book.

Elementary at best. Other books by Dan Millman are better.

Love it and the message it brings

Enjoy reading Dan's books. Hard to envision the trust in our instincts to follow a path. Faith in a higher power is awesome.

One of the best books I have ever read!!
