Joanna Cole and Bruce Degen, the author and illustrator of the Magic School Bus books, have collaborated for twenty years, bringing humor and true kidlike curiosity to science and learning. Booklist heralded Ms. Frizzle as "the wackiest, wisest teacher in picture books." Two MSB titles have been named School Library Journal Best Books of the Year, and they have won countless state book awards, from New York to Nebraska.

Sparks the interest of 2nd + graders with the visuals and text right away encouraging social skills by talking about the book with excitement !!!!!

My 2 and 5 year old love this book.... It's easy and entertaining even for the little ones. I would recommend it for parents with kids in elementary school.

Magic School Bus books are so fun. The kids love them.

Gotta love the Magic School Bus for fun education. Fact filled and colorful. Just the thing to put some knowledge in the mind of the young reader who will enjoy going back to this book again and again.

I read all topics. It is easy to understand. Your font is small one. It would be better if a bigger one. I love your edition .

Great book

My 6 year old has a lot of fun reading about the human body, asking lots of questions along the way.

My 3 1/2 year old loves this book and tells everyone facts about their bodies.
