Conceivability And Possibility

Synopsis

The capacity to represent things to ourselves as possible plays a crucial role both in everyday thinking and in philosophical reasoning; this volume offers much-needed philosophical illumination of conceivability, possibility, and the relations between them.

Customer Reviews

Tamar Szabo Gendler is Associate Professor of Philosophy at Syracuse University and John Hawthorne is Professor of Philosophy at Rutgers University.

It's pretty good, but there are some snoozer essays in it. The introduction and Chalmers' essay are especially good. (You can find Chalmers' essay for free online.) I wouldn't recommend spending over 20 dollars on it though. But, again, the content is pretty good. Finally, there is a surprisingly large amount of editorial errors in it (e.g. Chalmers cites a paper of his as "chalmers"), not sure how that happened.

Thank you
