## Synopsis

Set against the backdrop of the Civil War comes a tale of love lost and found. Mary Thomson is no ordinary woman. She works alongside her husband William cutting firewood to sell in the city, earning the nickname “The Woodcutter’s Wife.” She kills a bear with her bare hands. And she prefers plowing a field to cooking a meal. The one thing she cannot seem to handle is the melancholy that has enveloped her. Mary lost four children before they were a year old, and the doctor says she will never be able to conceive again. Mary’s world flies apart when William disappears, leaving her with the arduous task of tending their farm by herself. Using her fierce independent spirit to cope as the war rages around her, she finds help in the form of a freed slave who offers his help. But fate throws her another dramatic curve, forcing her to make the most difficult choice of her life. David Johnson, author of the bestselling Tucker Series, has written another of his signature “Books with Heart.”

## Customer Reviews

A lifting tale of the strength and weaknesses of the heart that takes place during the Civil War. Once

again pointing out that not all southerners believed in slavery. A story of how anger, forgiveness and love can come together to form lasting bonds. I found all the poetry insertions distracting.

I absolutely loved this book and highly recommend it. David Johnson is a fine writer and creates such memorable characters. He just pulls the reader along and you relish the ride!!!

This a taut story with rich details of both place and life in the mid 19th century. It made the civil war era come to life.

He has done it again, Mr. David Johnson is such an amazing author! Hope there will be more about this family to come

I look forward to David Johnson's books and am never dissapointed. and really enjoyed this one.

This is yet another great book. It is real times and real People. Mr. Johnson writes a great heartwarming book! Can't wait for his next one to add to all that he has written and I have hated for them to end!

David Johnson's books are dependably great and satisfying reading.

A lifetime of experiences during the Civil War and the ability to survive. A very good read.
