Game Of Thrones: A Binge Guide To Season 1

Synopsis

This unofficial viewer's guide to HBO's award-winning television epic was written for viewers who have not read the George R. R. Martin books and don't want to. The season-specific binge guide will get you through the season with a minimum of fuss and NO SPOILERS of future seasons, answering questions and pointing out interesting information without getting bogged down in details from the books. Now you can just watch "Game of Thrones" -- and enjoy it!

Customer Reviews

I am a late convert to the GOT series and playing catch up from Season one. It is a big world George RR Martin has created and as I haven't read the books there are lots of things I would like to explore in more detail. This companion book is therefore perfect. The episode recaps are really good and pick up on the things I want to know more about. It is well written, well laid out and to my mind well worth the money and has saved me hours of time trying to find answers to my questions on the internet. I think ardent fans and new comers to the series would all find it a good investment and enhance their enjoyment of the series.

Too intricate, better to watch and figure it out as you go.

Exciting amazing .. Great action... nice review

Sometimes you get so caught up in the ambiance of a show that you lose the details of the story. Given the depth of the Game Of Thrones it became real easy to get lost. With the "Binge Guide" I was not only able to get back on track, but there were scenes that I'd completely overlooked that were brought to my attention, which forced me to go back and rewatch certain episodes.

A very good idea and while simple - well executed. Handy guide to who does what when and where. With the numerous locations and so many characters this is a great reference source for keeping track of it all. I read this after viewing the season and found it a useful outline of the key players and events over the season.
