Good book, very helpful to a rabbinical student like me! Easy to follow. With regular practice, cantillation learning takes place well with this book by your side.

This is a very helpful book for the novice who is trying to learn how to chant Torah. It has clear explanations, good graphics and a lot of useful information about pronunciation as well as cantillation.

Student edition was priced moderately and saved a lot over buying the full edition which costs about 6 times as much. Perfect for student who wants to learn more about chanting the Torah. Contained only the essential parts of the full text, omitting the unnecessarily complicated material.

Excellent product and seller.

This is the gold standard on this topic, and I was pleased to have it and use it.
