Just The Essentials: A Sweet New Adult Romance

Synopsis

Kinsley's summer is for writing. She doesn't need a guy. Not one. Except maybe Jack...A dilapidated cabin in the remote Colorado mountains is not where twenty-year-old Kinsley would have chosen to recover from being dumped by her longtime boyfriend. But that's exactly where she finds herself. The Cons: The cabin currently has no electricity, cell phone service, Internet, running water, or heat. Also, an unknown wild creature appears to have made its home in the front room, and there's likely something scary living under the ageing deck. The Pros: There's only one, and it's Jack—the local handyman Kinsley's father hired to fix up the place. Jack with the sparkling hazel eyes and wicked smirk. Jack, who's just the kind of summer distraction Kinsley needs...Jack, who flirts like a pro but refuses to indulge in a summer fling. Kinsley has three months to change his mind, but is it enough time? And can she keep things light when her heart is telling her Jack's not fling material. He just might be something a little more essential...

I truly wanted to like this story. It sounded just up my alley. It is about a girl named Kinsley which is a strange name so I thought that was a really good start. She told her parents she would willingly go

to her grandparents cabin in a small town in Colorado eight hours from Denver to clean it up and get it ready for sale. She had agreed to spend the summer doing just that. She is an inspiring author and figured the solitude would help her write a winning book. She is dating a man named Hudson who has no belief in her ability and really just seems to want sex from her. They break up and she goes to the cabin. That is where she meets the handyman she is falling for. Basically the story goes like that. It is slow. Very slow going and by 40% I realized it was not going to get better. There were some funny spots a few pages here and there that made me think it would pick up but no. The story was basically her doing laundry or gardening or dusting. I got to say I read fiction to get away from my life and I am a stay at home mom soooooooo!! I know all about laundry, dusting, and gardening. I really do not want to read a book about it. I want to be swept away in a make believe world. I do not want to read about my life. I stopped reading at 40%. It may have gotten better but I doubt it. They had not even held hands by this point much less even a kiss. It was just so slow and boring truth be told. There were some funny pages but that is about it.

I purchased this book because I love Tapscott's Eldertimber series and I was hoping I'd love this book also. While completely different than her other series I still really enjoyed it. I've read it 3 times and can honestly say that I'll be reading it again soon. I love the characters, they are fun and relatable, you feel as though you're listening to a friend's story. I love that the main character learns to stand up for herself and what she believes in, she's a great role model. I also think it's great that she picks the guy that everyone wants, sweet, supportive and there for her.

I adored this book! It was so sweet, funny, and romantic. I was sad when it ended because I loved all of the characters so much!

Once I started reading this book, I couldn't put it down. I just had to know what was going to happen in the end. I was wrapped up into Kinsley's emotions, as I read I could feel her pain, embarrassment, happiness, and shyness. A very well written book.

I normally only read regency or fairy tale type books but I thought I would try this one since I enjoyed the other books by this author. It did not disappoint. I was seriously smiling or giggling the whole way through. If you enjoy a clean and sweet romance, then this is a must read.

completely believable. Kinsley is a loveable, young writer who had me hooked as soon as I read the

first page. I read the book non stop, stopping just long enough to fix lunch for my husband of 60 years.

What a wonderful story! Funny, heartwarming. romantic. Kinsley is so real, and her witty--sometimes sarcastic--humor as she faces and tackles real-life situations made me chuckle over and over again. A very fun read!

I loved Just the Essentials! A quick, lighthearted read that had me amused and laughing from page one. When Kinsley, a recent college graduate and aspiring writer, finishes college with no clear career path before her, she agrees to spend the summer readying her grandparents' cabin to be put on the market. Fresh out of a three-year relationship, Kinsley is hurt and not looking to get involved with another guy. But then she meets Jack (gorgeous Jack!) who is the local handyman. He's good at everything and is constantly popping up to help Kinsley out. Jack is drawn to Kinsley but he's hesitant to get involved and be her rebound. But then, Kinsley's ex-boyfriend shows up at the campsite with his new girl and things get very interesting. I adored Kinsley's character (and her coffee obsession!) and she is extremely likeable, easy to relate to, and has a great sense of humor. I was cracking up at the things she would say and think. Jack is also really likeable. I enjoyed the banter between the two of them and felt like their conversations were realistic for their age. Just the Essentials is a fun, lighthearted read with great dialogue! Highly recommended.
