Customer Reviews

This book is everything and more to plan your own trip and custom itinerary. I was more excited than ever after reading Lonely Planet Wales and cannot wait to go!

Very dense reading. Heavy content which is good, but does not lend itself to quick understanding and decision making which most busy travelers today require.

Great itinerary ideas for various parts of the country. Very thorough descriptions for food/lodging options. Great resource!

Great guide with current information. I thought this was very helpful in planning a trip for a family of four.
