City Trails - New York (Lonely Planet Kids)

Synopsis

Here's a book about New York that's seriously streetwise! Let Marco and Amelia, our Lonely Planet explorers, take you off the tourist trail and guide you on a journey through New York you'll never forget. This book is perfect for anyone who has been to New York, plans to go there or is just interested in finding out more about this amazing city! Discover New York's best-kept secrets, amazing stories and loads of other cool stuff from the comfort of your own home or while visiting the city! But, you don't have to be a visitor or armchair traveller to enjoy this--New Yorkers are sure to learn new things about their very own city too! Find out what's lurking in the pumpkin garden, why you might find cows underground, how eating hotdogs could make you rich and lots more! For readers ages 8 and up. Contents: Street Life Skyscraper Fly-By Secret City Green New York Trash Town Urban Jungle Going Underground Bite Into the Big Apple Top Treasures It's Showtime Way to Go Harbor Tour Fright Fest Game On Sounds Great! Big Apple Art Street Sculpture Shop 'Til You Drop Movie Magic Also available: London City Trails, Paris City Trails. About Lonely Planet Kids: From the world's leading travel publisher comes Lonely Planet Kids, a children's imprint that brings the world to life for young explorers everywhere. With a range of beautiful books for children aged 5-12, we're kickstarting the travel bug and showing kids just how amazing our planet can be. From bright and bold sticker activity books, to beautiful gift titles bursting at the seams with amazing facts, we aim to inspire and delight curious kids, showing them the rich diversity of people, places and cultures that surrounds us. We pledge to share our enthusiasm and love of the world, our sense of humour and continual fascination for what it is that makes the world we live in the diverse and magnificent place it is. It's going to be a big adventure - come explore!

Age Range: 8 - 12 years
Grade Level: 3 - 7

Customer Reviews

The book was laid out in a very random way. Pictures didn't always line up with the content of text on the same page. There was very little info about buildings and sites. I had hoped for a little detail so I could explain to my son what we are going to see on our trip. Simple facts like how tall a building is, what year it was built, and a brief history (similar to what the adult Lonely Planet books do) was what I expected. Instead this was more like visual snapshots of NYC sites with no to little supporting text.

This book has lots of fun facts and great graphics. However, not really a travel guide and not for the first time visitor. It's better if you have unusual interests, like 'trash' trivia and have already seen all the popular NY sites. The name implies that you would follow a trail through the city of for each unique topic, but I'm not sure how feasible that would be. There is no indication of how close places are in relation to each other.

Got this for my daughter (she is 8) My husband is planning to take her to NYC for a weekend this year so I figured it would be nice for her to read up before they go. She loves it - so many things in there that she didn't know. Great book for kids that read chapter book

This was a gift for a young friend going to NYC for the first time. It enabled him to decide what he wanted to do/see there.(Gave London one to another young friend who found it equally helpful/fun.)

My Granddaughter and her family went to New York last summer. I bought this for her as she likes research projects that relate to her life. She carried it to New York with her after presenting her family with a tour of New York and things to do before they left.What a fun book for kids.

Took our 10 year old granddaughter to NYC and she loved this book. Lots of fun facts.

was a present

Purchased for my 9 year old granddaughter prior to our visit to NY. She did not find the contents interesting.
