Customer Reviews

Once limited to the pros, sous vide is a cooking technique that utilizes precise temperature control to deliver consistent, restaurant-quality results. Sous vide, which means "under vacuum" in French, refers to the process of vacuum-sealing food in a bag, then cooking it to a very precise temperature in a water bath. This technique produces results that are

impossible to achieve through any other cooking method. Great book with yummy Sous Vide recipes. My husband loves the seafood recipes in this book. This book, teaches me how to cook perfect sous vide recipes. Worth purchase.

This is a good book for anyone starting out with sous vide who wants to gain some confidence but also for seasoned users who want to knock out an easy midweek meal and just want some interesting, tested combinations. Before this, every other sous vide cookbook seemed to be pretty technical or not really practical for the home cook. You will get several recipes from the book.

This is a great book for getting into sous vide cooking. The recipes that I have tried so far have been very good and the illustrations are exceptionally well done. A nice book for starting out with sous vide. Great resource for all sous vide enthusiasts. Also a great mix of information, technique & recipes. I highly recommend this book!

Great book to test your cooking skills using Sous Vide cooking, Amanda has done a great job including recipes using a wide range of ingredients for everyday meal starting from chicken, meat, fish, vegetables, sous, pork, seafood, poultry, beverage, desserts and more. It's a great source of Sous Vide recipes.

Sous vide cooking is gaining popularity in recent years and i wanted to give it a try, so i found this helpful recipe book where you will find tons of helpful recipes for breakfast, lunch, dinner and even desserts! so if you want to give your family a nutritious meal you need to have this book

The book is packed with the must have information when it comes to preparing some of the dishes and using the easily available recipe information and ingredients are not so difficult to get. The Author emphasizes the nutritional value of the recipes, and my favorite are the seafood

Life can be so much better and healthier when you eat the right food cooked in the right way. Save that money you spend on restaurant and make a restaurant meal yourself. You now have the secret, so it's time to practice what you're learned. Whether you want to make that perfect French toast or scrambled eggs, delicious steak or oatmeal, you cannot possibly go wrong with Sous Vide. I highly recommend this book.

This has a brief yet very informative section to cover the fundamentals and you can utilize the recipes to grow to your own particular style. I enjoyed the editorial and introduction to explain what Sous Vide is. I have attempted a few of the recipes and have enjoyed every one so far.
