Pronounce It Perfectly In English With Audio CDs (Pronounce It Perfectly CD Packages)

Synopsis

ESL students, TOEFL and TOEIC test takers, and all others for whom English is a second language and who want to improve their pronunciation will find this book and compact disc combination especially instructive. The new edition presents many exercises that provide practice in every sound that is specific to American-style English. Emphasis is on the formation of the vowel and consonant sounds plus all of their possible spellings, the significance of correct pronunciation of grammatical markers, and stress and intonation patterns in conversational English. Recognition of these patterns is essential for fluent speech and listening comprehension. Four compact discs give students more than five hours of intensive speaking practice.

I bought this to teach a student in Moscow. There are a lot of things I like about it. For example, each chapter has a section for recognition practice (choose the word you hear) and dictation practice. The accompanying CDs make it easy for the student to work independently of the teacher. I used this in conjunction with "Mastering the American Accent" which I like because it offers MORE practice sentences which are more challenging than those in "Pronounce it Perfectly". Also, "Mastering the American Accent" has a section in the back, which tells you which sounds to focus on for each language group. This makes it easier to put together a syllabus. So, 4 stars. A good book, but I like to use it with a second source.

Book very good. The third cd does not work.

Ok

Yes I like very much

I tried many accent reduction series. This one is not so useful to me. The way she goes over certain difficult sounds I have heard did not make sense (to my ears). It might work better for other accent (non Asian/Chinese). Very hard for me to distinguish some sounds from the tape.

It Helps a lot!

Every year, the inhabitants of Coppelius take part in a ceremony to restore their colors, and then they gradually turn white as the colors slowly drain away throughout the year. When the Little Prince lands on their planet, Coppelius, the master of ceremonies on the planet Coppelius, is distracted by an important project. The inhabitants of the planet worry that they might not have their color restored.
