American Pickers Guide To Picking

Synopsis

A true adventure story and the go-to guide for "picking" American treasures from anyone's backyard, straight from the stars of History's American Pickers! In these pages, professional treasure hunters Mike Wolfe and Frank Fritz chronicle their road trips across the American countryside in search of "rusty gold" to buy and sell among the picking world's one-of-a-kind characters. Whether you are a fan of the show or just like finding hidden riches, you will love seeing what Wolfe and Fritz dig up and enjoy meeting the devoted collectors, extreme stockpilers, and elite dealers who they encounter along the way. Wolfe and Fritz do not deal in fine antiques. Their secondhand treasures are of the down-and-dirty and sometimes even bizarre variety, from old bicycles and vintage tools, to sun-bleached cars and handmade furniture, retired carnival games and unusual taxidermy. Assisted by Danielle Colby, who helps out at Antique Archaeology, Wolfe and Fritz buy on the cheap and then sell to dealers, art directors, interior designers, or anyone looking for a little bit of authentic Americana. The three now share their secrets to finding hidden gems, offering helpful hints that will show what average Americans can do to find the treasures that await them. *From American Pickers Guide to Picking: Junk is Beautiful*

When we knock on a door, 90 percent of the time the things we find are junk. But we don't care about the odds; a picker never turns down an opportunity, no matter where it is. We've picked pickup trucks. We've picked flat beds. We've picked dumpsters. We even picked a Mercury Sable. We're looking for the unusual, the impossible, the funky, the different, the bizarre-things we have never seen before. And we'll go anywhere we have to go to find it. No location is off-limits to a hard-core picker. And there's plenty of things to be found at antique stores, thrift and consignment shops, flea markets, estate sales, and swap meets, and a lot of the tips in this book apply to finding treasures at these joints. But that's not really the kind of picking we do anymore. We look outside the box to find our junk-a word we use almost like a term of endearment: to us: junk is beautiful.

Libby Callaway has contributed to some of the country's most widely regarded magazines and newspapers, including the New York Post, where she was employed as a writer and editor from 1997 through 2004. She also has written for Conde Nast Traveler, Style.com, Travel + Leisure, the New York Times' T Magazine, Budget Travel, Self, BlackBook, Nylon and Glamour, where she was a fashion advice columnist in 2006 and 2007. She's appeared as a fashion expert on national TV networks including CNN, NBC, Fox, E! and The Style Network and has worked as a media consultant for Nashville's Frist Center for the Visual Arts and Whole Foods' Whole Body division. She lives in Nashville.

BRILLIANT! Love my boys from Iowa

great book easy read.

Good read but wish would have been more of a history of the characters. Was confusing sometimes.

A must read for any AMerican Pickers fan, but very general knowledge you already know if you watch the show. Still, Mike is charismatic and passionate about his art, glad I read it.

I watch American Pickers whenever it is on. Love that show! Reading the book gives more insight to what goes on behind-the-scenes. Personal input from Mike, Frank and Danielle really make this book special.

Interesting book - quickly delivered

I loved this book my daughter and I are addicted to the show and the book is just as good. Mike and

Frank have great personalities and it definitely comes through in the book. My daughter is reading the book now and her boyfriend is waiting to read it when she is done.

I gave this book as a Christmas gift because I enjoy "American Pickers" and knew my friend did too. After my friend has read the book and while reading, they have constantly talked about all the interesting stories and good advice it gives to those looking at "Picking" as a hobby or job. The book gives insight from both Mike & Frank's point of view and gives details about the show and their job that time does not allow on the show. Great book for those who are fans of the History Channel's "American Pickers" or are curious what it takes for that line of work.
