Lilibet's Other Secret Diary (Lilibet's Diaries Book 2)

Synopsis

Lilibet and her family's life changed when her father unexpectedly became King. It has now been a month since King George's coronation. Six months since the course of Lilibet's life changed forever. However, some things never change, including Lilibet's sister Margaret. Lilibet continues to write her secret diary. And along her life's journey discovering the answers to these questions: What is it like to ride on the London underground? What does a true Scotsman wear under his kilt? Did Queen Victoria like curry? What is on TV in 1937? You too can find the answers and more, by taking a peek at Lilibet's other Secret Diary, a factional (fact & fiction) diary of the young, future Queen Elizabeth II.

Customer Reviews

An imagining of the diary of a young Elizabeth Windsor

When H.M. The Queen was a little girl her world was turned upside down by the abdication of King Edward VIII. What if she had kept a diary of that first year after her parents became King and Queen Consort? The author has written a secret diary that could have been penned by Princess Elizabeth. The antics of her younger sister are a constant thorn in her side and her naughty dog is constantly getting into trouble. She has to leave her home and move into a big palace where everything is too far apart to be comfortable. She learns about her naughty ancestors from her Granny, Queen Mary, and then Queen Mary begins her lessons in court etiquette. There is a lot to learn. Lessons are no fun, especially maths at which she is hopeless. French is more interesting. Girl Guides and Brownies are exciting. Travelling from London to Windsor to Sandringham to Balmoral is not so much fun but once you arrive there are lots of things to do with Mummy and Papa. It is nice to be a family together sometimes because now that Papa is King he and Mummy are always going on trips. Lilibet and Margaret get to ride a subway train and a public bus. They sometimes can go out for a walk in the park. It seems to rain whenever she makes special plans. And keeping your diary a secret is hard to do with a nosey little sister always poking into your affairs. Imagine what it was like to be a royal princess in 1937 and to go to your father's coronation and know that now you will be the Queen one day. This was a very entertaining little book.

I thoroughly enjoyed reading this book and did so in one afternoon without interruption. I can absolutely imagine the young 10 year old Elizabeth II writing this diary about everyday life from her perspective. Equally realistic are the antics of her dog Dookie and her younger sister Margaret (who is wonderfully portrayed as I would have imagined her as a child). Insightful and often humorous, Lilibet writes about the happenings in the kingdom as well as the nursery, which are always entertaining and sometimes even educational. I would unhesitatingly recommend this book to anyone and congratulate the author on the idea of a secret royal diary (especially the young Elizabeth's) and the time frame she chose. Well done and a jolly good read!

As an American with a fascination for Royals this book provided an interesting, behind the scene view of what it must be like to grow up in the shadow of the crown. Wonderful book!!
