ITMB Publishing (International Travel Maps and Books) of Vancouver, Canada, has published detailed reference and travel maps of countries, regions, and cities around the world since 1985. The company's titles include many that are unique or the first of their kind, including the first commercially available travel map of South America.

Perfect for the Honduran traveler is this easily decifered Honduran map. Large, easy to read...Folds back up compactly (if you are lucky)We hope to put it to good use!

This map will get you by but it leaves out a lot of towns on the road. It also only features a detailed street map of Tegucigalpa. It would be nice to have San Pedro Sula and maybe even La Cebia included in detail. Also, the roads aren't clearly marked in Honduras so having the map isn't necessarily a plus unless you want to generally figure out which direction to drive.

I have ordered several maps of Honduras over the years because I travel there frequently. This map was the best that I have ever used. Very detailed and accurate.
