CJP has written a western about a young man who rescues abused women. A few single and a few married. He is a tinker who can repair most anything. He is also a gunfighter. An incident as a young man sends him to jail for 5 years where he becomes a master fixer. When he leaves prison he has amassed a small fortune. This is an excellent read for the genre..... ER

Yes, this is another well deserved five stars novel by an exceptional author, whom I have certainly accepted as one of the greater authors of old western romance and adventure. I sincerely recommend this novel to those true lovers of the old western accomplishments. I cannot give Mr. Petit enough credit for his wonderful stories, as well as his ever enlightened storylines. Each of his stories have their individual uniqueness, yet the reader will be intrigued with his successful story telling abilities. Great JOB!

Wonderful story and GREAT characters as usual. Entertainment at its best. One thing that I do have to tell the author- heifers Not castrated only bull calves are to turn them into steers

This is a most unusual story. The hero has such a good conscience that he practically sends himself to prison. When he returns his whole world has changed. He gets shot every time he turns around. He can fix anything.

Enjoyable read. Another that's hard to put down. It's a different kind of western with the hero being a sweet naive guy that rescues abused girls.

Most Western books are entirely predictable and the main character: Super Human. This book brings out the personality of several characters and focuses on both their strong and weak traits. We'll put together.

friends about it . I will also find more books by C. J. Petit as I like them very much.

Max has integrity. He also fixes things with a true Heart. Not a Saint, but any man should envy his kind. And any woman find him desirable and one to love for a long time.
