Customer Reviews

I like it. I would also like to have the accompanying Teacher's Ancillary for each of the books that I have purchased. Thank you. Mary L.

great to have at home for extra help with homework. Excellent condition. Like New. Perfect for 4th grade Social Studies.

I found it helpful to my son.

This book came in the condition expected. I'm very pleased. I think the contents are thorough and grade appropriate and engaging.

Great book. Nothing to complain.

Perfect shape

Very good book for 4th grade curriculum regarding the 50 United States, various regions, and much information about the geography and history of various states and regions. There are also little one page biographies of important people through out history. It is well-written and I have not found any historical errors so far. My 4th grade son likes it a lot and we will stay with the Scott Foresman series for the remainder of our homeschooling years.
