Customer Reviews

Gripping right to the end. I think the story line was good. It kept me interested right up to the very last page. I'm anxious to read more books from this author.

Great thriller

Loved this book

There were a few places that seemed a bit slow & bogged down from focusing on small details, but those details do become relevant. I enjoyed this book & I'll check out more by this author.

Beth was watching her three year old niece when she went missing. Can you imagine anything more horrible? Poor Beth kind of went off the deep end, not trusting the police to solve the case. Her brother-in-law blamed her and her sister committed suicide. Finally, Beth took a job out of the country. But then someone sent her a picture of her obviously older niece.....This was a real thriller. It led me down twisty paths following suspicious persons. Was it a stranger? The local child porn suspect? A neighbor? Or someone closer? It was so sad to see how a happy family could be changed in a minute. Or were they happy? Don't look to me to give it all away. You have to read it for yourself. I promise, you won't be disappointed.

Kidnapping !! Your most horrific nightmare of losing a child . Everyone is a suspect. Who can you trust ? Why this child ? So many secrets in this story . This book was a real thriller and page after page you rush through wanting the child found . But after 2 years it's a shock when a picture of child (Jenna) is texted to you , the person who was last with Jenna her aunt. Jenna is 5 years old now . Will they find her ? Is the picture real? So many secrets and questions. A must read . I highly recommend this book. You will not be disappointed. This is first book I've read by D.S . BUTLER who writes a great thriller and I can't wait to read more by this author. Thank you.

I really enjoyed this book, awesome psychological suspense. That being my favorite genre, the book definitely had me hooked, trying to figure it out all the way thru. If you're a fan of this genre, don't miss out, you'll love this one. Awesome characters to love and hate.

I really liked the story. Often when I read I go to Google maps and look up the area that is depicted in the story. This gives me a better relationship with what I'm reading. Loved the feel of the towns,

houses, lanes and places written about. The story was really good. This was one of the few reads where I was getting exasperated with the main character Beth. She was almost borderline unhinged when faced with the unthinkable actually happening to her and her family. She was so impulsive and she would never give it a rest. This what made this particular story line hold my interest. It made me think how easily it would be for anyone to become obsessed and desperate for answers when put in a situation that she was faced with. I liked how the author made each character real. Boy, they sure drink a lot of tea!
