## Synopsis

After rescuing his father from a brutal drug gang, Billy Ryder thought the worst was behind him. He was wrong. When his best friend's daughter is kidnapped, the people responsible leave him with only hours to reach Jamaica, and bring down the country's most ruthless gang. If he doesn't, she'll be sold into slavery and never heard from again. The clock is ticking, an innocent girl's life is on the line, and before the end, Billy will find himself smack dab in the middle of a turf war that's turning the Jamaican streets blood red. Book 1: Hard Tide (ASIN: B072FK4B94) is available for only \$2.99! (Author's Note: If you're looking for a lazy slice of life Florida book don't buy this. If you want guns, guts, and action in the vein of Clive Cussler that takes place along the Florida Coast, buy this book.)

## Customer Reviews

I know what this is fiction but even a good fiction novel should be a little believable. The caricature in this jock escapes from overwhelming BAD Guys, get into a firefight with dozens of goons some with automatic weapons, rocket propelled grenades, him with just a Glock and he kills all with head

shots. He never misses either.

If you like a lot of bloody...fighting this is the bookIt was a bit much for me. I like a little less blood and a little more story

Not exactly what I was looking for, but and "ok" read.

Non stop heart stopping action and suspense. Good storyline with good. Characters . well done look forward to the next book

Easy reading - a bit far fetched in terms of invincibility

like the detail

Non stop killing. Not very plausible but entertaining .Needs better editing. Still fun to read as long as you don't take it too seriously.

gonna have to think about this one
