Essential Readings In World Politics (Sixth Edition)

Synopsis

The best balance of classic and contemporary readings, complete articles, and book excerpts, reflecting a wide range of perspectives at an unmatched value. *Essential Readings in World Politics* introduces students to key literature in international relations and provides everything instructors need to round out their syllabus, including classic readings and contemporary articles on ongoing international issues drawn from a wide range of sources and accompanied by headnotes offering the context and background that introductory students need. In the Sixth Edition, 23 new readings offer diverse perspectives on current topics such as the rise of China, the proliferation of terrorism and terrorist groups, international human rights, and the consequences of and failures of international climate negotiations. The chapters complement Mingst and Arregueta-Toft's companion text, *Essentials of International Relations*, and can be packaged at a discount with that text or used on its own.

Customer Reviews

Karen A. Mingst is Lockwood Chair Professor at the Patterson School of Diplomacy and International Commerce at the University of Kentucky. She holds a Ph.D. in political science from the University of Wisconsin. A specialist in international organization, international law, and international political economy, Professor Mingst has conducted research in Western Europe, West Africa, and Yugoslavia. She is the author or editor of seven books and numerous academic articles.

She has frequently taught the introductory international relations course. In addition, she has traveled and lectured extensively at universities around the globe. Jack L. Snyder is the Robert and Renee Belfer Professor of International Relations in the Department of Political Science and the Saltzman Institute of War and Peace Studies at Columbia University. He holds a Ph.D. from Columbia. His books include *Electing to Fight: Why Emerging Democracies Go to War*, coauthored with Edward D. Mansfield (MIT Press, 2007) and *From Voting to Violence: Democratization and Nationalist Conflict* (W.W. Norton, 2000). His articles on such topics as crisis diplomacy, democratization and war, nationalism, imperial overstretch, war crimes tribunals versus amnesties, international relations theory after September 11, and anarchy and culture have appeared in *Foreign Affairs*, *Foreign Policy*, *International Organization*, *International Security*, and *World Politics*. Professor Snyder teaches graduate and undergraduate courses on nationalism, comparative methods, and grand strategy. Professor Snyder is a Fellow of the American Academy of Arts and Sciences and an elected member of Columbia's Arts and Sciences Policy and Planning Committee. He is the editor of the Norton Series in World Politics.

Fantastic book for preparing for international relation graduate school comps! I would buy it before comps though and start reading it. It covers many important things political scientists should study.
