Customer Reviews

I bought this book for my girlfriend who is currently trying to give up smoking; it contains some

useful tips that even me as a non smoker can understand, and the authors personal secret at the end made me laugh and is basically exactly what she is doing now! Some times you need to see someone else do/ write about it for it to hit home. Fingers crossed I hope it works as it really is a terrible habit.

This book has got great tips to help you kick your bad smoking habit for good! I wasn't even completely aware of all the dangers associated with smoking so this book has definitely been very informative for me. I feel great about my decision to quit and am giving to use the tips in this book to help keep me cigarette free forever!

It's helped her already, because it's very comprehensive and helped her see that she needs help to quit, she can't do it by sheer will power. It's a psychological habit as much as a physical addiction, but it must be done incrementally, one step at a time. Very helpful if you apply the information this book offers.

So bad! TRY OTHER BOOKS!
