Supercharging Quantum-Touch: Advanced Techniques

Synopsis

Quantum-Touch teaches ways to focus and amplify life-force energy (chi) through simple breathing and body awareness exercises. The result stimulates the subject's biological intelligence to do whatever healing it deems necessary in everything from major immune disorders to chronic pain to emotional disturbances. In Supercharging Quantum-Touch, prominent teacher Alain Herriott takes students and followers of Quantum-Touch beyond the basics, sharing the techniques used by the best, most effective practitioners. From the hundreds of workshops he's conducted around the world, Herriott has gathered questions that he addresses here in a direct way that refines, clarifies, broadens, and deepens the work. The book begins by walking readers through the basic attributes of the best practitioners. Bit by bit, more techniques are added and "stacked" or laid out to create a step-by-step approach to work on anything a client needs, including (though not limited to) general pain, physical imbalances, and emotional issues. Strategies for perceiving energy more clearly are also included. Written in a very accessible style, Supercharging Quantum-Touch gives readers the confidence they need to work in this increasingly popular and important healing art.

"For those wishing to bring their Quantum-Touch skills to a new and even higher level, I heartily recommend this book." —Richard Gordon, author of Quantum-Touch: The Power to Heal "[Ever] since taking Alain's Supercharging workshop and doing the

Alain Herriott is an advanced Quantum-Touch teacher with more than twenty years of experience as an energy-based healer. A frequent workshop leader, he has worked closely with Richard Gordon and made instructional videos for Quantum-Touch. He lives in Talent, OR. Richard Gordon is the internationally acclaimed creator of Quantum-Touch. He lives in San Luis Obispo, CA.

My daughter and I have used this on family members, i.e. my husband's rotator cuff, and the pain stopped and he regained full use of his shoulder (we do continue to repeat "the touch" as needed). My daughter's dog was diagnosed with a fungal disease in the sinuses near his brain and had undergone two drillings through his skull to inject an antifungal cream. It didn't work. The next step was even more invasive--another drilling and scraping, but first he had to recover from the pneumonia he had as a complication from the second surgery and the prognosis wasn't good. So my daughter and her husband started doing quantum touch on him twice a day. He is doing very well and continuing to improve. The book is written in a clear, concise manner with drawn illustrations to show how these simple touches are done. Instructions are given on how to get your energy started and how to practice with your own energy. Easy to understand instruction type book, but more!

I read the basic book (Quantum-Touch: The Power to Heal by Richard Gordon) and attended a basic Quantum Touch class, in addition to some training in another method. I'd also read energy medicine books, on other modalities, and was ready for the next step. So I ordered this book. As I work my way through this book, I've found it to be of great assistance. I had started exploring energy medicine as a way to assist my pets with several health issues. To date, I have had phenomenal (documented) success. However, doing treatments, on multiple pets, on a daily basis is very time consuming. This book outlines methods that provide energy medicine assistance in a longer-lasting format. I highly recommend it for any student or practitioner of energy medicine.

Read this book if you have read the others in the series, that way this will make more sense. However if you are an energy worker and want advanced techniques this book is for you.

This book is a must read if you are interested in working with energy medicine for yourself or others. It greatly expands the other books in this series. Also it is very compatible with EFT tapping's underlying premise: All negative emotions are a result of a disruption in the body's energy system & therefore the basis for most physical imbalances (dis-ease). As a Naturopathic Dr. I try to offer my clients as many healing modalities as possible. Now, I purchased mine with my kindle - it didn't load properly. After resetting my kindle (didn't help), I called for help. I talked to a man that didn't speak much English - I only understood 1 in 4 words he spoke & I don't think he understood what I was asking at all. I wanted to return the book & re-download. However he said he would "put in a refund & I should wait until something happened" Then he told me to delete it from my Kindle - I asked how to do that - he was unclear on the instructions. Currently I have no notice of a refund from (not the 1st time) although I seemed to have recovered the missing content but not the cover! Love my Kindle but...

Great book to help with anyone even slightly adept at energy healing.

Good coverage of healing energy.

One of my favorite books. Easy to understand and I use it everyday. Combined with another healing technique, I use it to send long distance to others and it works

Interesting read, great Author. I recommend reading Quantum Touch I & II first. This Supercharging book has greatly increased my energy when doing healing work.
