Typhoon Fury: The Oregon Files, Book 12

Synopsis

Juan Cabrillo and the crew of the Oregon sail into a perfect storm of danger to try to stop a new world war, in a thrilling suspense novel from the number one New York Times best-selling grand master of adventure. Hired to search for a collection of paintings worth half a billion dollars, Juan Cabrillo and the crew of the Oregon soon find themselves in much deeper waters. Not only is the vicious leader of a Filipino insurgency using them to finance his attacks, but he has stumbled upon one of the most lethal secrets of World War II - a Japanese-developed drug, designed, but never used, to turn soldiers into super-warriors. To stop him, the Oregon must take on not only the rebel commander but a South African mercenary intent on getting his own hands on the drug, a massive swarm of torpedo drones targeting the US Navy, an approaching megastorm - and, just possibly, a war that could envelop the entire Asian continent.
