Customer Reviews

Very fun if not somewhat dated recipes (some of the ingredients I'm not sure about or don't know if they're relative). My 8 year old loves it and likes to just browse recipes and their creative titles (think mystery meets meal). A fun buy if not super practical for actually making stuff.

Who doesn't love cooking and Nancy Drew? Now I had originally bought this for a friend, but of course when he opened his gift, we had to try out the recipes. Let me tell you, the ones we did try out were delicious! Such a great buy and a cute idea.

fun little cookbook for girls that LOVE Nancy Drew :) Appreciated the time the seller spent trying to find where the post office delivered it - very good seller!

It completes my collection of Nancy's.

This is such a fun book for my daughter to cook with. Old school is new school.

Alot of the recipes in here sound very delicious! So I will be doing alot of cooking for awhile. :) Been

a fan of Nancy Drew and the Hardy Boys all my life and was very excited to see this. Had to have it.

I have always wanted this book, it came in great shape. Thanks

The recipes are weird, but I'm a Nancy Drew nut...had to have it in my huge collection!
