Synopsis

NOTE: Access code is NOT INCLUDED

Grewal/Levy's Marketing was designed for today's social, mobile and digital student population, with an emphasis on how firms analyze, create, deliver, communicate, and capture value. Underscoring that even the best products and services will go unsold if marketers cannot communicate their value, Marketing explores both fundamentals and new marketing influencers and features comprehensive coverage, topics like social media and ethics integrated throughout, a robust suite of instructor resources, and regularly updated Grewal/Levy author blog with content tagged by chapter to help keep your classroom discussions current, fresh and engaging. Grewal Levy's Marketing is available through McGraw-Hill Connect, a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:

- SmartBook - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content.
- Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course.
- Progress dashboards that quickly show how you are performing on your assignments and tips for improvement.
- The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping.
- Connect Marketing's assignments provide instant feedback and span the introduction of course concepts to their application and beyond, including iSeeit! concept animations, video cases, case analyses, data analytics exercises, and more. Contact your learning technology representative for a matrix listing assignable assets by learning outcomes.
- Complete system requirements to use Connect can be found here.

He co-chaired the 1993 Academy of Marketing Science conference and the 2006 Summer AMA conference.

Was assigned the book for my grad program and can honestly say, the professor got this right. The book discusses current market trends and real companies. It's easy reading and colorful. I have an undergrad in Marketing and this book refreshed my knowledge and introduced me to new methods in which marketing is performed today. I rented it, but now would like to buy it since I would like to do some consulting work. I'm a career student and never could understand why some authors of textbooks make them so difficult to read with fancy words and just downright boring. That makes it hard to learn from the book, but this book adds humor and speaks in layman's terms. I thoroughly enjoyed this one.

While the book provides great and relevant concepts, it's way too wordy. I found that there were many instances where a page worth of words could have been clearly explained in two paragraphs. There were also many word fillers. Overall, I recommend the book due to relevant and updated concepts and marketing examples using Facebook/twitter and such.

Brand new book for a rental, I'm impressed.

Exactly as advertised.

My rental came high quality, almost as if it wasn't used before. Can't say anything bad and it was the right book for my class.

Great Job!

I'm very satisfied with this book I came in two days just like they said it would. Although I can tell that it is used because there are a couple pages that have been wet but hey I'm thankful to be able to rent!

Good condition and exactly what I needed for my class.
