"These monologs are often insightful and will find a welcome spot in theatre collections." --Booklist

I bought this to supplement the monologues that I have collected over the years for use in my classroom. Most are good, some are not.

This book was helpful in selecting a powerful monologue. Most of the monologues in here are set for teenagers and comedic. However, there are some clever serious monologues for a young actor also.

I bought a couple of monolog books from .com, and this one was certainly the best. It provided me a perfect selection of comedy and drama, and the pieces were not too long or too short. Though the book says for young actors, I recommend this to anyone in high school as well.

I'd recommend it to all teenage actors

There weren't enough monologs
