## **Synopsis**

Who reaps the souls of the supernatural? Ayla is about to find out. And when she does she'll never be the same. Ayla doesn't believe in monsters. But she does believe in helping someone in need. So when a text from a long lost friend flickers across her cell phone, she can't resist answering the call. Except when she does she finds a tattooed psychopath bent on making her his next victim. That's when Ayla discovers that not only do monsters exist, but she is actually one of them. *Grim* is the first installment of the hot new *Reaper's Redemption* series, an urban fantasy collection with supernatural creatures of all kinds. If you enjoy YA paranormal reads that start with a bang and never lets up, this read is for you. Pick up your copy of *Grim* today and see if you believe in monsters.

## **Customer Reviews**

A solid YA paranormal tale. The main character discovers herself to be a supernatural in a world full of magical supernatural characters. As one would assume there is a learning curve and some self

discovery involved. Fighting her way through, she comes out ahead at the end even though there are a few lingering questions that I can only guess will be addressed in the next book.

For lovers of YA paranormal reads that start with a bang and never lets up this book is for you. If you enjoy all things that go bump in the night read this one before dark and have a shivering good time. Ayla, our 17 year old heroine, has a ton of moxie and is determined to protect those she loves. Sure the next book in this series will bring more thrills and chills.

Another great book from Thea Anderson. Very real, engaging characters who made me feel like they could be my friends. The story line grabbed me from the first page. I could not stop reading once I started. Had all the elements I enjoy, mystery, drama, friendship, surprises galore. I love it when I can't really figure out where the story is going to go. I love that kind of suspense. Lots of supernatural beings! You do get it in the end. Now I am so wanting to read the next book! Make sure you leave yourself time to read this one through, you won't want to put it down.

Lovely little book full of surprise bits that I had not considered before. Thea Atkinson weaves a fascinating tale about reapers with interesting plot devices. Excellent book, and I am going to pick up the second one. The characters are well presented, with personalities of their own that are not generic good and bad.

For a large portion of this book I felt like I had jumped in mid rant and didn't really know what was going on. It took quite some time for me to finally catch up and feel like I had a good understanding of it. It was a little too fast paced for me, and the descriptions were a bit much for my taste. There were some elements that I enjoyed, but I'm not sure if I will read the second book or not.

Interesting read, some of the narrative droned on and takes too long to get to the action. I might read the next one because I like the world Thea created and I want to find out how the characters proceed. I just don't know if I can make it through the next one if it is as slow as this one.

Normally I don't read this type of paranormal book but this was a very good read and I personally liked it. And yes it was a little slow but I felt it needed to give you as much information as possible because this is the first book.

I really enjoyed this story....the authors unique storyline was captivating and kept me so engrossed that I literally couldn't Put it down. Thank you for keeping me awake all night lol. Fantastic book!
