Fodor's In Focus Florida Keys: With Key West, Marathon & Key Largo (Full-color Travel Guide)

Synopsis

Written by locals, Fodor's travel guides have been offering expert advice for all tastes and budgets for 80 years. A slender necklace of landfalls off the southern tip of Florida, the Florida Keys are nirvana for anglers, divers, literature lovers, and Jimmy Buffet wannabes. The favorite of many travelers--and the biggest tourist draw--is Key West, the southernmost point in the continental United States, known for its sometimes raucous nightlife and sunset celebrations. But the other keys have their own unique atmosphere--from the diving capital Key Largo, to the beautiful beaches of Bahia Hondo, to exclusive (and expensive) Little Palm Island. This travel guide includes:

- Dozens of maps
- An 8-page color insert with a brief introduction and spectacular photos that capture the top experiences and attractions throughout Florida Keys
- Hundreds of hotel and restaurant recommendations, with Fodor's Choice designating our top picks
- Multiple itineraries to explore the top attractions and what's off the beaten path
- Major sights such as Duval Street, Ernest Hemingway's Home, and Mallory Square
- Coverage of The Upper Keys, The Middle Keys, The Lower Keys, and Key West

Customer Reviews

I will be going to the Keys in June, and this book has given me some great pointers and places worth checking out. Between this book and some online research, I really feel like I will have a good plan on some of the stops to take advantage of. It doesn't cover every single place and attraction, but it covers a lot of the main things to do - it is also an easy read, so you don't feel overwhelmed trying to figure out where to go. I look forward to seeing if their suggestions are worthwhile.

Very tiny print, no maps. Disappointed!

Small book, but packed with details about the Keys.

Having been to the Keys previously and preparing to return for a longer stay, I expected more depth to the information (local knowledge).

We bought this little guide as we were getting ready to visit the Keys for the first time. It served us so well- like a tour guide in my pocket! It takes you through all of the Keys, beautifully organized by the different islands, with maps that allows you quick reference to "key" places. We used it to visit the "off beat" places that many tourists miss but makes sure to guide you to the very popular attractions as well. Thanks to this little book, our reservations were made before we left and we were not disappointed. This trip for us was a short one, only 6 days, and without this guide, we would not have made the most out of the time we had. From places to stay, things to see and do, and historical references we felt totally oriented to the islands before the trip began. It made the trip easy, relaxing and a whole lot of fun!

Easy reading.

Thanks again

Very good source of info when planning a trip to the Keys.
