Customer Reviews

This guide is amazing!! I am impressed with how thorough it is. Definitely a handbook to help prepare for your trip. I wish I had had it before our trip. --Brenda Savage, parent of 2 special needs children, Chelsea and Jessica This is, more than anything, [a book about love](#). Written by mothers who adopted themselves into the lives of children with special needs, this book is their invitation to the world to make life better for everyone. While [the focus is how to maneuver Disneyland](#), the larger message is about maneuvering life--and not leaving anyone behind. This is one beautiful book. Read it. --Judith Sherven, PhD and Jim Sniechowski, PhD, bestselling authors of "Be Loved For Who You Really Are", "The Heart Of Marketing", and 3 other books Thanks for writing such a great book. You have done an excellent job! The details are amazing. Congratulations on a great resource! I learned many things I did not know. --Sandy Silveria,

I actually loved the book. I will be traveling with a special needs child on a make a wish trip and it had ideas and instructions I had never even considered. It covered the information I needed in a useable format, better than bigger, flashier books that cost a lot more. The only downside is that I'm going to Disney World not Disney Land. I hope the authors consider writing one for the Florida park. The book was so helpful though I don't intend to return it, most of the information on traveling would work for any trip.

This is a good book that helps with the ins and outs of Disneyland with a disability. I wish I had read this a few years ago before we had traveled with our disabled mother. There are some great tips and hints that are very helpful. If you have not traveled to Disneyland with someone with a disability yet I would recommend this book.

Going to Disneyland is on the "bucket list" of every child, disabled or not. This book helps you plan the trip to get you through it easily if you have special needs with your child. They've thought of everything from the travel to Disneyland to the rides individually. Get this book!

Update, please. Very useful advice on individual rides. Overall, a useful book as far as it goes. Handy tips overall.
