2017 Susan Branch 12 Month Desk Blotter

Synopsis

Enjoy the watercolor and hand-letting of Susan Branch in a blotter calendar! The large date boxes almost guarantee you won't miss an appointment, birthday or other special occasion in 2017. Each page also offers a notes section. Place it on your desk or hang it on the wall. All calendar pages are printed on FSC certified paper and use environmentally safe inks. See "below" note: Note: Due to a glitch at the printer, the 2017 calendars have been printed on a lighter weight paper than usual. This will be fixed for next year. The color is still gorgeous, Susan's artwork is delightful as always, the calendars will look just the same hanging on your wall, or displayed on your desk top, pen marks do NOT go through to the other side of the pages, the paper and cardboard backing are still safe for the environment, but the calendar papers aren't as heavy this year and we, as the manufacturer, and Susan, as the artist, wanted you to know, so you can judge your value accordingly.

Book Information

Calendar: 28 pages

Publisher: Time Factory (August 20, 2016)

Language: English

ISBN-10: 1624389015

ISBN-13: 978-1624389016

Customer Reviews

Susan Branch was born in Southern California but calls her 1849 home on the Massachusetts island of Martha's Vineyard her ""heart magnet"" because she was drawn to New England from childhood and loved it before she laid eyes on it. She finally moved there in her early 30's, no longer ""able to live without four seasons and white picket fences as everyday architecture."" She is the oldest of eight children and inspired by ""almost everything."" Her hand-lettered and watercolored Heart of the Home series of books are a reflection of the things she loves to celebrate, the home-arts of cooking, gardening, homemaking, family, best friends, entertaining, and the little things that make life sweet. Her newest book, A FINE ROMANCE ~ Falling in Love with the English

Countryside, is a diary of her two-month jaunt through the back roads of England in search of her literary and artistic roots. It's filled with the little details, both in words and pictures, that readers have grown to love in Susan's books.

Loved my calendar from last year, so I ordered another one for this coming year. I absolutely hate the quality of paper that it is printed on. I think the calendar should have been offered at a cheaper price since the paper quality did not match the previous years. Maybe the calendar should have been reprinted on better quality paper. If I were the artist I would not have settled for such poor quality. I ripped off the first page and ended up ripping off January too. So Disappointed. Also, I write in Sharpie on my calendar. This bleeds straight through. Horrible and Very Disappointed!

This is the second year I have purchased this calendar and I am sad to say that like everything else these days, the quality is not the same. The paper is very thin and the cardboard backing is flimsy. I would have gladly paid a little extra for a better product. I would never have ordered this product had I known of the drastic downgrade in materials and I won't again unless this is corrected.

A must for my kitchen every year ! This is the full size calendar based on the price I thought it could be the mini which I have at work. Further I the product description they indicate a thinner paper was accidentally used which may explain the cheaper price. The quality is still very good and marker won't bleed into the next page. We are already enjoying the months looking forward to using it next year.

I've used Susan Branch calendars for many years but this year the quality was terrible. Instead of using the heavy paper they always used with the heavy back board they switched to thin paper and thin backboard. Very cheap, very disappointed. I will not be buying them anymore.

I've been buying this calendar for many years and look forward to it each year. The paper is a little thinner this year but this is noted on her website as well as her newsletter. The illustrations are beautiful as always.

I am a fan of Susan Branch and love all her products including her books and calendars. While the artwork is exceptional, as always, the paper quality is very sub-par. I am surprised that this was acceptable to her, given the usual exceptional standards of her work. Given this fact, I agree with

many that the price should have been significantly lowered.

I had one this year and came back for 2017. I love these. They protect my desk, but I what I love is the whimsical new design each month. This year the pages are not the heavy card stock of 2016, but I prefer it because it makes the blotter more flat, and the used pages are now easy to fold and file for reference. Perfect.

Susan Branch calanders are wonderful. They add a touch of sentiment to every season, every month. I've been buying these for 7yrs now and I will continue this tradition as long as it's available. Really heartfelt - you can tell there has been a tremendous amount of thought and effort put into these.
