Happily Ever After (Cinder & Ella #2)

Synopsis

This is the sequel to the #1 Bestselling novel Cinder & Ella from Kelly Oram. “Like it or not, Brian, the moment you gave that Cinderella interview on The Kenneth Long Show, you changed her life. There’s no going back for her, so help her move forward. Help her make the best of a hard situation.”

*****The end of one story is often the beginning of another. Hollywood heartthrob Brian Oliver and his Cinderella princess Ellamara Rodriguez have finally found love outside the digital world. But leaving their anonymity behind creates a whole new set of obstacles for the nation’s new favorite sweethearts. With the stress of Brian’s fame, Ella’s disapproving family, and the pressures of a new relationship weighing down on them, the It Couple quickly begins to wonder if they can hold on to their newfound joy, or if maybe happily ever after is only a fairy tale.

*****This is a PG-13 new adult romance, and a sequel. Cinder & Ella needs to be read first. This is a complete series.

Customer Reviews

Happily Ever After by Kelly Oram is a perfect follow-up to her Cinder & Ella, picking up about a week

later. I've read Cinder & Ella more times than I can count and have multiple copies (my original Kindle copy, a paperback copy, even an Audible copy which I highly recommend). Seriously as I write this, I want to go back and read it. Brian and Ella are two of my all-time favorite characters and their relationship is another favorite of mine. Happily Ever After is the sequel I didn't know I wanted or needed. Cinder & Ella pretty much ends on a high note and suggests that the couple gets their HEA, but as the title of the sequel suggests this book is their HEA and how they achieve it. Honestly I loved it, but then again I've yet to read anything by Kelly Oram I didn't enjoy. Ella is a hard pill to swallow in this book. She was in a really dark place at the end of Cinder & Ella. She had just exited an intensive, inpatient therapy program to overcome her depression, and I thought the author does a great job of bringing those insecurities and doubts about Ella to light in the sequel. It was present in the first book but is fleshed out better here. It's been a year since her mother died and she is struggling, she's never had a chance to fully grieve. Ella is still recovering herself and now she has a support system and people on her side. It's amazing to read her growth. Brian is Brian *swoon* He is self-centered, a little too Hollywood at times, but ALWAYS and I do mean always there for Ella when she needs him. He puts her needs first, showing her and telling her constantly how much he loves her. It's sweet, a little over the top, but done in such a way as to be believable. I love how he loves her! The plot is simple really. It's about these two people who we fell in love with building a relationship. A real, long-lasting, all-consuming, loving relationship. Something Ella desperately needs as her life at home with her dad and step-family falls apart. While this book focuses on Ella and Brian (and I did love that), I missed the familial relationships and themes explored during the first book. It's present here, but not to the extent it was in Cinder & Ella. I missed that. Overall, I loved this book! It made me laugh, cry and swoon. I cheered Ella and Brian on and yelled at them through my kindle when they were being stupid. I do think it needs to be noted that while the first book is a mature YA, this book is new adult with some mild language and a few steamy scenes, so I don't recommend this to anyone under 18. If you enjoyed Cinder & Ella or you're looking for a light romantic read, I highly recommend you get your copy ASAP!

So, I loved Cinder and Ella and I have to admit I was a little bit nervous about this sequel. Silly me, I should have known that Ms. Oram would not disappoint! It was so good - I loved seeing Ella and Brian grow. This was beautifully written and I absolutely adored it. Such a sweet story. I wish I could

be more eloquent, but I just don't have the words to say how much I loved this book.

I absolutely loved the first book and was eager to read the sequel. While I don't think the sequel is quite as good, I did enjoy it. It fleshed out the previous story and the plot was realistic. In this one, Ella and Brian are getting to know each other better in person, and exploring and expanding their relationship. Ella has no doubts that Brian loves her, but is still coming to grips with her body image in regards to their relationship. There are still issues to be resolved with some members of her family. It turns out that Brian has some family drama to deal with, too. I love how protective he is of her, and how she isn't intimidated by him as a person and will tease him about the arrogance he sometimes displays. Plus the intrusive nature of the Hollywood media, photographers, etc., into Ella's privacy makes adjustments necessary. I recommend fans of the first book read this one, too.

Fabulous followup story for Cinder and Ella. He is the perfect devoted boyfriend that Ella needs to start accepting herself. She is kiss-ass and a confident woman in every way, except in her relationship with her father, who can't seem to stop blaming her for ruining his life, and the scars that hide body issues and insecurities about them. Will Brian and Ella get their Happy Ever After, or will Brian become disenchanted with her inability to be intimate? Love this book! Thank you Kelly Oram

sigh This was a great sequel. It was fun to see the love that Brian has for Ella. I've reread the first book so many times, and I was so excited to have this book come out. Kelly writes such wonderful books. And I love that they're a good clean read. This is an author that I would recommend to anyone and even have my teenage girls read.

Loved it!! I am a huge fan of Cinder & Ella and the sequel is all I needed that I didn't know. In Cinder & Ella we get introduced to their relationship, in this one we get to learn what acceptance means and what true love is all about. We learn the difficulty of overcoming our fears and about letting other people in. I am so glad that the author gifted us with Happily Ever After, which is beautifully written, and I really hope we get more in the future... *~f~ ~ Å~ Æ~ â* one can dream! Five stars to this amazing sequel that made me want to fall in love again and again.

I absolutely loved this book!! I was so happy to see a continuation of Cinder and Ella's story that I had to purchase it immediately. I was not disappointed! I laughed, cried, and cheered throughout the

read. I highly recommend reading both books to anyone who adores a great Cinderella story!

After reading Cinder and Ella, I didn't think there was any way this book could hold a candle to it. I was sorely mistaken. Happily Ever After totally pulled me in and kept me wanting more. Love the characters and loved getting to read more about them. Kelly Oram did a fantastic job!
