508: A Digital Comic Book For Kids With Cystic Fibrosis

Synopsis

508 is a digital comic book that hopes to inspire and empower children with cystic fibrosis to comply with their daily chest physical therapy. The story is a snapshot of the morning routine followed by Wesley Dervish, a ten year old boy with cystic fibrosis, as he prepares for the school day. It takes place over the course of one hour, during which time he dresses, eats breakfast, and, most importantly, does his morning chest physical therapy while imagining a fantastic adventure!.
