Finding Ford: An Anderson Brother Novel

Synopsis

Whoever said life was easy or fair? No one, that's who. Life was perfect or as perfect as it can be when you're sixteen and your boyfriend is about to leave for college out of state. But really life was on track, we had a plan. Colt had a full ride to Alabama for football, he was going to go pro one day. Everyone knew it. He'd been working his whole life for it, scouts drooled over him at Pee Wee football, for Pete's sake. And me? I was getting out of my parent's house the day I graduated, headed to any college that would take me. But my plan was to go to Alabama with Colt. But the best laid plans, right? The stick turned blue, then there was the one with double lines, oh yeah the one with the plus sign and finally the one that screamed PREGNANT. Don't judge, I wanted to make sure. But that last one was the nail in my proverbial coffin. Let's just say I wasn't expecting that. Don't hate me. I made some choices, choices that I'd like to say I would have made differently if I'd known how it would all turn out, but we can't really go back now can we? Enter Ford. He was the perfect son. The golden child. Smart, good looking, straight A student headed for law school. At least till I came along. There are some that would say I destroyed both of their lives, but the truth is they saved mine. That's got to count for something, right? All I can hope is that we find our happy ending. Fingers crossed, people. ~Hannah

Book One of the Anderson Brothers. Book Two is Chasing Colt

Customer Reviews

Hannah had lived 3 years in Colts shadow. She knew he didn't really love her, his first love would always be football. So the day before his graduation she shows up to his older brothers door barely 16 and pregnant. Not wanting to be a burden on colt she decides to give the baby up for adoption. Ford being the good guy he is agrees to keep Hannah's secret and help her on this journey. So still being in high school, 16, and the preachers kid being pregnant wouldn't fly with her parents, so they kick her out. Upon learning after 3 weeks that she's homeless Ford convinces Hannah to come stay with him. The 2 should have known what would come next!!! As time goes on and the 2 grow close Hannah faces daily with the fact she wants to be a mother, Ford realizes that he wants Hannah and the baby. Trials unfold and the 2 must face them together all while keeping it a secret. They had good intentions but sometimes people just don't understand. But being with colt led Hannah to finding Ford. Absolutely great book!!! Couldn't put it down! It wasn't like these tales where the girls gets pregnant to trap the guy, or for attention. It truly was an unplanned pregnancy but I think though Hannah and Ford both found themselves.

The book needs editing (work on use of tense, mostly) but it wasn't too bad. The plot annoyed me, though - whatever the intentions, hiding the fact that some guy was going to be a father and no one thinks telling him is a good idea? It is low. I read plenty of books where the girl stupidly decided to do it, but it was unrealistic that the brother might choose to do the same. I can genuinely say that most fans of Kelly Oram will not enjoy this book. It lacked the humour infused in successful YA and we don't really want to root for either characters.

The heartbreak was wrenching, the adversity was inspiring, the love created makes you wish this for everyone! This story pulls at my heart. It was remembering what one of my BF went thru 22 years ago but not with the same results, quite the opposite. I like this ending quite better!

Wow!! This is the first book that I have read by this author and I can honestly say I was blown away. I love to read and lately it has been hard to find books that will honestly hold my interest. This book was amazing, It dealt with a variety of situations and dealt with them in a fantastic way. I don't want to give any spoilers so I will just say I read this one plus the other two all in one day and not one of

them was a disappointment!!!

I knew nothing of this book or author and it came up on one of the book clubs I follow on Facebook. I looked at the reviews and was a little undecided if I wanted to read it. I'm so glad that I did, it was a refreshing love story. I loved it and felt bad for Colt at the end and it does have a HEA. I absolutely adored Ford, he was such a great man.. I would definitely recommend this book.

The author captures two young couples caught with life-changing decisions with terrible timing. Immature college bound athlete forced away from his newborn daughter by failing to demonstrate commitment. Pregnant teen kicked out of her cold parents' house drops the athlete, then bonds with the athlete's brother who takes her in and protects her. Mix this with parents forced to pick sides between their sons and a fierce friend. All this pathos well told in a moving tale. Nice pace. Believable characters. Sweet.

I loved the book. It was very insightful and endearing. It was sweet and a really good book to read I recommend people read it!!!

Great book! People should read it.
