Customer Reviews

Loved this map. Great to have the detail when traveling and driving the countryside. Very accurate.

Michelin maps are always well done and sturdy enough to travel.

Exactly as requested. Very detailed.

Map is very good. I was hoping there would have been close up maps of big cities. Overall, the map is useful and covers the entire country and roads along the borders.

It was perfect!! I used it CONSTANTLY for my 3 weeks in Romania.

The paper is too thin ,when you open a map so many times and quickly ,I think that paper should be stronger.

I just came back from Romania, and I wanted to track where I went and what cousins I met there...the map realtime helped me and it would be great for someone who is planning a trip to the area...
