Knots: An Illustrated Practical Guide To The Essential Knot Types And Their Uses

Synopsis

Know the right knot for every situation! Whether you're tethering a canoe, hitching a horse, trying your hand at rock climbing, or just want to pick up a new skill, this conveniently-sized illustrated guide has everything you need to get started. Learn knots from the Monkey Fist to the Hunter's Bend as Andrew Adamides uses clear text and over 200 detailed illustrations to teach a complete arsenal of rope-tying techniques. This book makes knot-tying simple with: Easy step-by-step instructions
Overviews of knots
Histories
Lists of the benefits and uses of each knot
A full glossary of terms to know
A fantastic reference for scouts and leaders, emergency preppers, or anyone looking to build on the basics or expand their expertise, this book is the perfect volume to round out your outdoor education.

Customer Reviews

For books of this nature, I am more inclined to want to purchase actual print books. But, I was impressed with the sample eBook so much that I purchased the full eBook. Not only is this an

excellent book with an overview of many essential knots to know, but the eBook itself is done extremely well. The layout and function of the eBook is top notch. So, this eBook excels not just on content, but on technical presentation as well. I highly recommend this book.

Some of the diagrams are a bit tough to follow. (Recommend an animated app or video to make some clearer.) the history and descriptions of the knot uses are good.

The writing and illustrations are good. The book is small and light enough to carry along in a pack.

Nice short read, learned a lot. This is a good book to keep on hand.

Very good illustrations and the best part is it gives you the best use for the knot...very helpful.

Everyone need this book.

Very enjoyable and detailed.
