Customer Reviews

This is an exceptional book by a truly exceptional author! Following are a few passages that have deepened my understanding of the purpose of life in this world: "God became man that man may become God." "Asleep to your true identity, you are dreaming the horrors of life for a divine purpose." "Only though many tribulations will you enter the kingdom of heaven." "Do not be concerned with the horrors of the world, simply remember that all is ordered and correct." "The States into which we fall cannot mar or in any way deter our immortal self." "Everyone will be saved, because everyone is God and God is saving himself." "In the Awakening, we are greater than we were prior to the beginning of the dream." "When man has played his part and God has completed his purpose (which is to bring forth from us Himself and make us all gods with him) then these garments will vanish like smoke." "But you and I will be lifted up above it all into an entirely different world, an eternal world." "To believe in Christ is to see someone in this world and have a sweet feeling towards that one that hasn't yet realized how to be lovely." "Do not consider either the just or

the wicked to be in a supreme State, but to be every one of them states of the sleep which the soul may fall into in it deadly dreams of good and evil."As you can see, this book is so much more than a book on "How to Manifest your Desires".

OMG! This is the book to end all other's books. This is where other self-help gurus got their information on how to get what you want. Buy this book and you will only want more of Goddard's books, and will not need any others.

Look, if you really want to live an empowered life, start reading all of Neville's works. Warning: You can no longer believe that God resides outside of yourself, and you can no longer believe that you are not in control of everything in your life. That's what Neville teaches. So if you want to stay stuck in a rut... don't read this. If you want to not just improve your life, but thrive!!! read this book... and everything else Neville wrote.

Excellent, excellent, excellent and again so I say excellent. I strongly encourage every living person to read this book and share it with everyone you come in contact with. Talk about learning who GOD really is and who You really are. If you can grasp an understanding these words written by Neville and Inspired by God, you're truly on your way to a life of freedom, success and abundance. Loved this book.

This book answered ALL of my questions I had been asking over the last few weeks. I KNOW this was divine for me to get ahold of this book.

Awesome...

Neville Goddard is the most important voice for me in the subject matter of spirit as it relates to practical living. He is very practical the way he presents his findings from his own life experience. His human empathy comes across in every word and you can feel the truth in his written words. I wish I would've discovered him in my very young life, but I have the wisdom to know that I most likely would not have had the maturity in spirit nor the sophistication mentally to have appreciated his words then. I'm thrilled by all his works and do not tire of reviewing or re-reading. If you're at the level of spirituality that you can see that "we are all one", this and his other books will take you to that deeper level of understanding the WHY of "we are all one".

Neville is the greatest author and teacher of new thought principles whether retro or modern leaders emerge Neville is also the easiest to understand over time.
