The Boxcar Children Mysteries: Books One Through Twelve

Synopsis

The first twelve mysteries in the celebrated series about four orphaned siblings who will do anything to stick together. The Alden children—Henry, Jessie, Violet, and Benny—are on their own. Brave and resourceful, they find a rusty, abandoned railroad boxcar in the woods, make it their home, and start a life of adventure. Since its debut, the Boxcar Children Mysteries has been one of the most beloved and popular children's collections of all time, and the first of the series was named one of the top 100 children's novels by School Library Journal. This set includes the first twelve classic stories, following the Alden kids as they get to know their estranged grandfather, face down trouble, solve mysteries, and strengthen an unbreakable bond. The basis for an animated series, these tales are a delight for kids of all ages, and a perfect introduction to a timeless and cherished series. This enriched ebook box set includes an illustrated biography of author Gertrude Chandler Warner, with photos from the archives at the Warner Museum in Putnam, Connecticut.

Customer Reviews

I have loved these books since they were the first chapter books I read in elementary school. I thought finding them for the Kindle to share with my nieces and nephews was fantastic! The first three books in the set were fine; however, Mystery Ranch has several issues: When the girls first arrive in town where Maggie is picking them up, a few lines are missing as it goes straight from "Yes, I'm Maggie. I'm very glad to see you." to "I don't know," said Maggie. "Who was he?" Two paragraphs (30 words) are missing. Then in chapter 7 (The Boys Come), it skips from Jessie asking Aunt Jane if the boys can come to, within the same sentence in the Kindle version, the boys and Watch have arrived. Three paragraphs (81 words) are missing. Disappointed in the accuracy of the Kindle version, and hope it will be updated and corrected. Will update review further if more issues are found.

DON'T BUY THIS!!! Several pages and entire chapters are completely missing from every book. It's such a great price because it's missing so much content EDIT: this is the Kindle Edition

Our six year old has been reading proficiently since she was 4. We've been looking for something she can comprehend well, and enjoy. She absolutely PLOWED through these books. Then, read them again. And again. And again. Time to buy more. Fortunately, there are literally over a hundred more in the series. It's really a joy to see these books get read so much that they're showing signs of wear!

My children look forward to reading this story daily. Great for both boys and girls, 12 and under. Although, I do enjoy the stories myself. Can't beat this price for the stories included and the lifetime love of reading that is sure to follow. This digital version allows for the children to read along together on their tablets.

My children initially watched the movie The Boxcar Children and loved it. They have probably watched it 20 times. Needless to say, they were ecstatic when the box set of books arrived. We have read three so far and my children have enjoyed them all. We are looking forward to enjoying more reading time together with this great collection.

My daughter loves these books. She got her first ones when she was 6. She is 9 now and still loves them. She wants the entire series. I love them too. I look forward to either her reading them to me or

me reading them to her. I have found myself still reading even though she fell asleep or said to stop now. She already had some of these books, but couldn't resist buying these for the boxcar box. This set of 12 was cheaper than the 2 sets of books 5-12. She was so excited when she opened it. She loved it!

Great!! As expected, kids went crazy over it. Even my 7 year old started reading it!! This is a big deal for us, because our mother language is spanish, but he goes to a german school, so english is his 3rd language. He began to read in german this year, barely reads spanish but got this box and immediately started reading a couple of pages in english!! Obviously a great collection

Upon learning that our 10 year old granddaughter was enjoying reading the Boxcare Children books, I found this collection for her for a Christmas present. They were very well received and I believe they will add hours of enjoyment to her reading pleasure. Nicely boxed.
