Customer Reviews

I'm a real beginner... 77 years old and liberating my inner cowgirl! Have taken a few classes and watched a number of YouTube videos, but nothing comes close to helping as much as this book. First, it's a delight to read: well-written and interesting, with excellent drawings. But most important are the extremely clear directions and the author's sage advice. Highly recommended!

Tab only. I'd have preferred musical notation. If you don't know the song, tab doesn't give enough information on playing it, while notation gives you everything you need.

If you want a book that is for the beginning harmonica player, you can not do much better than Harmonica Americana. Indeed, even if you have been playing harmonica for a few years or more, this book will challenge you to improve. Well written, with just enough humor to keep it interesting, Harmonica Americana is one of the absolute best books to purchase if you play harmonica. A definitive must have for any musician, even if you don't play the harmonica.

Nice.

great!

I love my new SEYDEL 1847! It looks great and sounds even better. Thank you so very much! Well worth the price.

I love this book! This is actually a replacement for one that got damaged. Great seller!

Like sitting with an old friend.
