Customer Reviews

I bought this for a friend who is a Marvel comic book fan. It has a range of pictures from various artists. This book has everything from the well-known to the lesser known female superheros. Lady Loki anyone? The pages are thick and one sided so no worries about bleed through with coloring!

Got this for my 24 year old daughter and she loved it.

Got this for a gift, my friend will love it!

The coloring book only had a few very detailed pictures. It seemed it was meant for a younger audience.

How can you go wrong with an adult comic coloring book!? Grab your favorite colored pencils and you're all set!

My best friend saw this at Barnes and Noble for like \$20 while we were out one night. Found it on for less than half that, it made a great birthday gift for my best friend! Great blend of super heroes in this book, some mainstream and some of the more obscure.

I am so disappointed in this coloring book. The pictures are either too shaded black with little room for coloring, or outlined so light some of the picture isn't visible. Most of the pictures lack detail.

the paper isn't very thick & the lines are terribly close--very hard to actually color (especially if you want to use ink & not pencil). I wish the pages were a bit bigger, too....
