Watercolour Smile (Seraph Black Book 2)

Synopsis

“Maybe I was stupid to have agreed to this, but when all of the options that you have in life are dangerous ones, you can only choose to do something reckless, or turn a blind eye and allow the cards to fall as they may” and I was sick of being blind. Seraph Black has endured a vicious stalker, a change of schools, a bonding, a triple-murder, and more than her fair share of uncomfortable situations; but it seems like the world isn’t done with her yet. The messenger is back with a systematic vengeance that knocks her flat, and not even her self-proclaimed secret-keepers are prepared for how far he is willing to go to get what he wants. She is walking on eggshells, trying to keep everyone at a distance. Especially those that are closest to her. Unfortunately, there is one person who keeps slipping through the cracks: Silas Quillan, the gift in her life that keeps on taking. Every time she turns around, he’s taking something else from her: her choices, her privacy, her freedom, her sanity and if she’s not careful, the the next victim might just be her heart. Warning: While this book is intended for a young adult audience, it is not recommended for persons younger than 15 years, due to some disturbing themes.

Customer Reviews

The stalker is back...With a vengeance...And nobody is prepared for how far he is willing to go to get what he wants...Holy hell! Once I picked up this sequel, I couldn't stop reading until I was finished. Such an all-consuming, seductive, dark and thrilling read!! simply cannot get enough of this series nor can I express my love for this series enough. It is just not possible to describe how hard I have fallen for this series. So damn captivating!Full of mystery, stalkers, suspense, allure, danger, secrets, lies and attraction.Perfect for readers of urban fantasy romance/reverse harem.

This book had some serious stuff in it. There was a lot of heavy things in it about things that happened to her. The first book hinted at it but this one actually went into some detail of it. Her guys abandoned her but not on purpose, the whole mind take over thing is a lot to deal with and honestly that ability seems to be the worst yet. While the last chapter was really deep, it was so important because now we know how it started with Seraph. Im looking forward to the next in series.

Seph has been through a lot. Stalkers, secrets, lies, and betrayals. Deception is the lifeblood of the Zevgheri, and in *Watercolour Smile*, she finally starts to understand, to truly comprehend, the power of the Voda and the Klodova. Seph uncovers secrets, and there's a good chance those secrets will break her in new, heartrending ways.Suffice to say, *Watercolour Smile* is a great addition to the Seraph Black series, chock full of angst, action, and more than a little bit of budding romance. Highly recommended for those of you anxious to find out what happens next. I know I'll be waiting impatiently for *Lead Heart*, the third book in the series.

Cannot wait for the third book. Bosnians inhale series books. I'm terribly impatient.*Watercolour Smile* was completely different from the first. Much more intense and action packed. There were a few things that happened that I wasn't prepared for and completely threw me for a loop. As I watched myself get closer and closer to the end of the book I began to panic because I didn't want it to end.There were a few grammar and spelling errors but nothing so horrible as to ruin the story... I can forgive them because the storyline was captivating enough that I wasn't able to dwell on them.Thanks for such an amazing story, Jane. I am definitely anticipating the third in the series!!!

Once again I've been up all night its currently 3:31am and I can't wait to start the next book. This one is just as good as the rest. I love it when she it's with all four men or even just two. I really hope it works out for them and I can't wait to read the next one.

The intro to this world in the first book was far better. This one had too many unbelievable moments, not shocking just moments where I wasn't buying into the story anymore. ÆfÂ Ã Å,Ã ÆœÃ Â• Character development was also lost. Lack of believability and balance to the narrative.

A little more action in this book, which is great. My love for Seph just grows. I love the relationships she has formed with the 4 men. Her awkwardness is still my favorite part of her. Love the plot so far. On to the next book!

It just keeps getting better and better! I don't even want to write this review because I want to get to book three RIGHT NOW! Great writing and I am so in love with these characters!
