Birds Of The Midwest Playing Cards

Customer Reviews

I am a card maker and want to learn to paint birds. These cards are very helpful because the full color pictures are drawn. I have tried to use color photos which are lovely, but were no help in learning brush strokes. I also like that there 52 different birds depicted.

I love these cards. I already have Wildflowers of the Midwest, I wanted to add to my collection. The pictures are beautiful, crisp and bright. They showcase my local flora and fauna, and the price is perfect. I hope to get all the "Midwest" decks in the future!

Useful and fun!

All Stan Tekiela books and items are fabulous!
