Age Range: 2 - 4 years

Grade Level: Preschool and up

Customer Reviews

A bright yellow school bus is evocative of exuberant kids, gleefully launched spitwads, kind bus drivers, and of course school itself. In Donald Crews's School Bus--written "for the buses, the riders, and the watchers"--preschoolers caught up in the whole school-bus mystique can follow the path of a school bus on its daily travels--minus the aforementioned shenanigans. Crews sticks with the basics, including only a few words per page, such as "Full buses head for school" and "Here we are." Adults reading aloud to children will be able to fill in the blanks and let kids make up their own stories within the framework of this book. Crews, creator of the Caldecott Honor book Freight Train, Parade, and the sturdy, board-book edition of Truck has proven himself to be an expert at conveying basic concepts to youngsters, and this book is no exception! (Baby to Preschool) --Karin Snelson --This text refers to the Library Binding edition.

Donald Crews is the renowned creator of many celebrated children's books, including the Caldecott

Honor Books Freight Train and Truck. He and his wife, Ann Jonas, live in New York's Hudson River Valley. Donald Crews es el renombrado autor de dos libros merecedores del premio Caldecott, Tren de carga (Freight Train) y School Bus. Vive con su esposa, Ann Jonas, cerca del Río Hudson, en Nueva York. My 22 month old is going thru a bus phase at the moment, and this book keeps him satisfied till the real bus drops off his sister- the highlight of his day. 17 pages, very short sentences (longest is "Empty yellow buses cross the town" and most are 1-3 words long). Each page has at least one bus in the picture. A quick read, but great for fan of school buses, might be way boring otherwise.

Great for my special needs 3 year old. Prepared her for riding the bus to her developmental preschool. Simple words with pictures. Not a story, just words, good for her speech development.

I agree with another contrary review that I noticed when I came to write this: there is no plot. It is tough to get plot in a book suitable for 4-8 year olds, I know, but I have seen such better efforts than this. But here's the main reason I came to review this book... To warn everyone that the font that was selected is horrendous. It hurts my eyes to look at it. I am being serious and literal when I say it caused my eyes pain. I am not a font guy, so I can't tell you what kerning mistakes were made, I can just tell you that this font is designed to injure you. I would've felt more comfortable reading this book in comic sans.

Quite literally the worst children's book ever. You cannot even describe this as a "story" but rather a few random words that have been thrown upon each page. Even my 2-yo hates it. Don't waste your money.

My toddler loves this book and so do I. Not too many words- the awesome pictures do a lot for the story. It's a new favorite before bedtime.

My toddler (2.5yr old) is into whole "Yellow School Bus" phase right now. Ordered this book for a

Christmas 2014. The book is out of a library circular and used/old, but it serves our purpose that my child loves to read this book over and over. If your child is into "Yellow School Bus", this is a great book.

My grandson loves this!

Fun book, sturdy, has very few words, my LO just likes to look at the buses.
