Customer Reviews

Rachel Dresbeck, a writer and editor, has observed and written about Portland for a variety of publications. She was educated at Whitman College and the University of Oregon, has taught writing and literature at Portland Community College, University of Oregon, and Oregon Health and Science University.

Contains some helpful and unique recommendations, but I wish that the sections were organized by neighborhood instead of alphabetically and that some kind of transportation information was provided as well with respect to each site. (It is hard to plan an itinerary for the day or afternoon when you don't know what things are where.) Still, I believe at the time I bought it it was one of the most recent, up-to-date books on the market.

I purchased this book for an upcoming trip to Portland. I really enjoy how the book is arranged and

how one can easily lookup places of interest as well as the many infamous restaurants of Portland! Fingers crossed the suggestions in this book make for a memorable trip!

This was a great book. We had little time to sightsee so we did not get to use it to its fullest

We are finding a wide variety of wonderful things to do in the area.

Excellent guide for those "new-to-Portland" folks as well as those who have been there awhile and need an effective guide to the area.

Good guidebook.

This is a great book for someone moving to Portland, or for someone already there. I just visited for a few days, and enjoyed the extra background that this book provided

A very good overview, up to date. As with all these types of travel books, one wishes there were more in the sections YOU'RE interested in, but I would recommend it.
